

# Strong Families Tax Credit

## Building a Strong Louisiana One Family at a Time

### Did you know?

Louisiana's children struggle under the second-highest child poverty rate in the nation. More than 1 in 4 Louisiana children live below the federal poverty line and almost half (43%) of Louisiana's Black children live in poverty.

But we can do better. The Strong Families Tax Credit can help ease the strain.

### What Is the Strong Families Tax Credit?

This tax credit would put \$200 to \$500 per child each year back into the pockets of Louisiana families, with the biggest benefits going to the youngest children and households with the lowest incomes.

### How will that money benefit Louisiana children?

- \$500 could feed a 3-year-old in our state for 22 weeks.
- It could provide 20 hours of care in a licensed child care facility.
- It could cover the cost of diapers for the first 6 months of a baby's life.

This refundable tax credit would benefit nearly 2 out of every 3 Louisiana children.

### How You Can Help

Find out if your state representative supports investing in Louisiana children and children.
